LONDON, Feb. 20.—Announcement was made today that Champion Jack Johnson had called to Hugh McCreath that he would meet the winner of the Langford Bout, which takes place tomorrow night.  
It was said that Johnson will hang up a prize of \$5,000 for the winner.  
The winner of the bout has been said to be Sam Langford, but McCreath's advice is so belittled that Johnson will proceed with his plans for the Johnson fight at once.  
Sam Langford, the famous "Hot Boy," is picked to be the winner over Bill Lang, the champion heavyweight of Australia, in tomorrow night's battle, and is therefore the more likely opponent for Johnson to take in the first fight since he defeated Jim Jeffries.

Lang's First Real Test.  
Lang, who is one of the first "wild man" boxers, will undergo his first real test when he meets Langford in the twenty-round bout at the London Olympia Club.  
No bout since Peter Jackson and Frank Ryan met before the National Sporting Club in 1908 has any boxing bout as far as the excitement of the London fight being expected upon the London and the world.  
Many women, some of them fashionable, will see the fight.  
Prices for seats at the bout are sky high. For the best seats, \$25.00 and \$30.00. For the best seats, \$25.00 and \$30.00. For the best seats, \$25.00 and \$30.00.  
At the present, Boston's "hot lady" is the "hot lady" of the world. The "hot lady" of the world is the "hot lady" of the world. The "hot lady" of the world is the "hot lady" of the world.

Langford Out for Knockout.  
Both fighters are in the best of condition and ready to put up the battle of their lives from the top of the post. Langford's wealthy title fight are sure to win this one.  
"Hot" is out to send Lang to Dreamland as fast as possible, as he believes that he will win the fight. To show his power, he will try to send Lang down for the count. But he has not yet been able to do this.

will cease to ask for legislation which they cannot support with fair argument. The Legislature will become again a truly deliberative body, and the questions of public moment upon their merits, unaffected conscious or unconsciously by the influences which beset it to-day.

Therefore, the character of the laws passed will be improved, popular suspicion will cease to attach to them and the need of resorting to the Initiative and Referendum except in very rare instances will be less and less, as the experience of Switzerland shows. Thus will the REPRESENTATIVE GOVERNMENT be restored to its old respect, when it is restored to its old freedom, moral and intellectual.
